

COMPANY PROFILE

People are the basis for our success: clients, employees, partners and stakeholders. And many other people whose lives we want to improve through our work. That is what makes us a people's business.

Close to the markets, in which our clients operate and close to their projects, in which we are personally involved.

Worldwide, local Tebodin.

Always close.

In close cooperation with other Bilfinger companies we can offer a broad scope of independent consultancy and engineering services for various markets.

Tebodin, part of Bilfinger, is an international consulting and engineering company with over 4,900 employees active in 24 countries. Our extensive office network allows us to offer clients the best of both: integrated engineering and consultancy expertise combined with local knowledge.

Strive for excellence

This is how we ensure a smooth execution of projects large and small, single or multidisciplinary. A team of highly skilled and dedicated professionals will continue to apply and improve their expertise with unprecedented speed and competence. We strive for excellence, for the benefit of our clients. We are committed to quality and are focused on results, safety and sustainable solutions.

Realize projects efficiently

We serve a variety of clients all over the world and we maintain long-lasting relationships with many of them. We work for local and international clients in the countries in which we presently operate. They all have at least one goal in common: to realize projects efficiently and successfully. We are proud to work for a significant number of clients who are front-runners in technology, sustainability and innovation.

Tebodin offers a broad scope of independent services, from project initiative through to completion:

Tebodin also undertakes turnkey and Engineering, Procurement and Construction management projects (EPCm projects) over a wide range of sectors.
