The best people and team – the cornerstone of great service

Coordinated teams of experienced professionals, many of whom have been with us for more than 20 years – this is what makes our service great. In insurance, experience is what makes the difference.

We are a family business with a friendly atmosphere – we offer life-long career, education and personal development in the Czech Republic and abroad.

We are loyal to our Purpose and Values

“The Purpose and Values of RENOMIA are the building blocks of our culture and DNA. They make us what we are – how we treat each other, our clients and partners. They are reflected in everything we do and we are committed to them”.

Jiřina Nepalová

Director and Founder, RENOMIA

For 25 years

we have been championing our clients' interests, giving them premium service and the best solutions, improving and growing, innovating and helping those in need.

As an international family business, we will continue to follow these steps.
